

# Going Local

The new economics of place

The art of building and activating resilient, creative communities

**MICHAEL H. SHUMAN** Economist, Attorney, Author, and Entrepreneur, is one of the world's leaders in the re-localisation and local finance movement. Join Michael and his colleague Gilbert Rochecouste for this inspiring and timely Masterclass. Together they will help participants formulate a plan for community revitalisation - introducing the latest tools of economy building, community capital, and placemaking.

Michael is a leading visionary on community economics. He's Director of Local Economy Programs for Telesis Corporation, a nonprofit affordable housing company, and currently an adjunct instructor at Bard Business School in New York City and at Simon Fraser University in Vancouver. He's also a Fellow at Cutting Edge Capital and at the Post-Carbon Institute, and a founding board member of the Business Alliance for Local Living Economies (BALLE).

He is credited with being one of the architects of the 2012 JOBS Act and dozens of state laws overhauling securities regulation of crowdfunding. He has authored, coauthored, or edited nine books. A prolific speaker, Shuman has given an average of more than one invited talk per week, mostly to local governments and universities, for the past 30 years in nearly every U.S. state and more than a dozen countries.
